

But we don't wanna see lies there  
Stranger slapped a dog that fades until they ache

Dirty hands washed and washed and washed again

Sleep oh sleep little creature until the end

There's a hole in my sock but I can live with it  
And all the cereals to keep me awake  
I can recall the moment that I lost all faith  
Yeah  
Entered the room and saw flying the jets

What's wrong with those eggs  
I see you are all pale  
And it's ruining the carpet  
Yeah it's ruining the carpet  
I said sorry about the carpet  
Sorry about the ache  
Can I keep the piano  
And make you buttered corn

I see their faces, they're running  
They saw the carpet with the egg on it  
I'm sorry  
I slip and saw the dog  
Where there is cooking, again  
I feel ashamed but who could help me now  
Those strangers keep staring at my mess  
I see their faces  
I see their faces  
And I'm about to burst  
I need my friend  
I know that I should have called  
But I lied about you and me  
I lied about you and me
